In re: *Approval of the Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc and Cat Communications International, Inc Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996*

Docket No. _____

PETITION FOR APPROVAL OF THE
AMENDMENT TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELLSOUTH TELECOMMUNICATIONS, INC.
AND CAT COMMUNICATIONS INTERNATIONAL, INC.
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, Cat Communications International, Inc. ("CCI") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendment to the Interconnection Agreement dated November 6, 2002 (the "Amendment") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, CCI and BellSouth state the following:

1. CCI and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to CCI. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on September 8, 2003.

2. The parties have recently negotiated an Amendment to the Agreement which replaces the OSS rates with state specific rates. A copy of the Amendment is attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, CCI and BellSouth are submitting their Amendment to the TRA for its consideration and approval. The Amendment provides that either or both of the parties is authorized to submit this Amendment to the TRA for approval.

4 In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendment between BellSouth and CCI within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5 CCI and BellSouth aver that the Amendment is consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

CCI and BellSouth respectfully request that the TRA approve the Amendment negotiated between the parties.

This 22 day of July, 2004.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

NOTE (2) Any element that can be ordered electronically will be billed according to the SOMECA rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH the listed SOMECA rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN will be applied to a CLECs bill when it submits an LSR to BellSouth.
